

Material Safety Data Sheet

saniVex™ Deodorizer
(in dilution)

Section 1. Chemical product and company identification

- Common name** : saniVex™
(in dilution)
- Supplier/ Manufacturer** : saniVex Technologies, Inc.
5400 N. Grand Blvd. Ste 140
Oklahoma City, OK, 73120
Tel : (405) 605-2608
Fax : (405) 917-7768
E-mail: cnigg@sanivex.com
- In case of emergency** : CANUTEC (613) 996-6666
CHEMTREC, U.S. : (800) 424-9300 International: (703) 527-3887

Section 2. Hazards identification

- Physical state** : Liquid. (Clear.)
- Emergency overview** : No specific hazard.
USE WITH CARE.
Follow good industrial hygiene practice.
- Routes of entry** : Dermal contact. Eye contact. Inhalation. Ingestion.
- Potential acute health effects**
- Eyes** : No known significant effects or critical hazards.
- Skin** : Practically non-toxic in contact with skin.
- Inhalation** : No known significant effects or critical hazards.
- Ingestion** : Practically non-toxic if swallowed.
- Potential chronic health effects** : Carcinogenic effects: Not classified or listed by IARC, NTP, OSHA, EU and ACGIH.
Mutagenic effects: Not available.
Teratogenic effects: Not available.
- Medical conditions aggravated by overexposure** : Repeated or prolonged exposure is not known to aggravate medical condition.
- See toxicological Information (section 11)

Section 3. Composition, Information on Ingredients

CAS number % by weight

No hazardous ingredient

This material is classified as not hazardous under OSHA regulations.

See Chapters 8, 11 and 14 for details.

Section 4. First aid measures

- Eye contact** : In case of contact, immediately flush eyes with plenty of water for at least 15 minutes.
Get medical attention if irritation occurs.
- Skin contact** : Wash with soap and water. Get medical attention if irritation develops.
- Inhalation** : If inhaled, remove to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Get medical attention.
- Ingestion** : Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear.

Section 5. Fire fighting measures

- Flammability of the product** : Non-flammable.
- Fire fighting media and instructions** : Use an extinguishing agent suitable for surrounding fires.
- No specific hazard.
- Special protective equipment for fire-fighters** : Fire fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full facepiece operated in positive pressure mode.

Section 6. Accidental release measures

- Personal precautions** : Immediately contact emergency personnel. Keep unnecessary personnel away. Use suitable protective equipment (Section 8).
- Environmental precautions** : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.
- Methods for cleaning up** : If emergency personnel are unavailable, contain spilled material. For small spills add absorbent (soil may be used in the absence of other suitable materials) scoop up material and place in a sealed, liquid-proof container for disposal. For large spills dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. Place spilled material in an appropriate container for disposal.

Section 7. Handling and storage

- Handling** : Wash thoroughly after handling.
- Storage** : Keep container tightly closed. Keep container in a cool, well-ventilated area.

Section 8. Exposure Controls, Personal Protection

- Engineering controls** : Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective occupational exposure limits.

Personal protection

- Eyes** : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists or dusts.
Recommended: Splash goggles 
- Respiratory** : Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.
Recommended: Vapor respirator. 
- Hands** : Chemical-resistant, impervious gloves or gauntlets complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.
>8 hour(s) (breakthrough time): Disposable vinyl 
- Skin/Body** : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
Body: Recommended: Lab coat. 

- Personal protection in case of a large spill** : Safety glasses, goggles or face shield. Impervious gloves. Full suit. Boots. Wear MSHA/NIOSH approved self-contained breathing apparatus or equivalent and full protective gear.

Consult local authorities for acceptable exposure limits.

Section 9. Physical and chemical properties

Physical state	: Liquid. (Clear.)
Color	: Yellow.
Odor	: Chlorine. (Slight.)
pH	: 8 to 8.5 [Basic.]
Boiling/condensation point	: 100.5°C (212.9°F)
Melting/freezing point	: May start to solidify at 0°C (32°F) based on data for: Water.
Specific gravity	: 1.03 (Water = 1)
Vapor pressure	: 3.2 kPa (23.7 mm Hg) (at 20°C)
Vapor density	: 0.02 (Air = 1)
Volatility	: < 0.1% (w/w)
VOC	: -100 (%)
Ionicity (in water)	: Amphoteric. (Water).
Dispersion properties	: See solubility in water, methanol, acetone.
Solubility	: Easily soluble in cold water, hot water, methanol, acetone.

Section 10. Stability and reactivity

Stability and reactivity	: The product is stable.
Incompatibility with various substances	: Reactive with oxidizing agents.
Hazardous polymerization	: Will not occur.

Section 11. Toxicological information

Toxicity data

<u>Ingredient name</u>	<u>Test</u>	<u>Result</u>	<u>Route</u>	<u>Species</u>
saniVex™	LD50	4360 mg/kg	Oral	Rat
	LD50	>2020 mg/kg	Dermal	Rabbit
Eyes	: No known significant effects or critical hazards.			
Skin	: Practically non-toxic in contact with skin.			
Inhalation	: No known significant effects or critical hazards.			
Ingestion	: Practically non-toxic if swallowed.			
Potential chronic health effects	: Carcinogenic effects: Not classified or listed by IARC, NTP, OSHA, EU and ACGIH. Mutagenic effects: Not available. Teratogenic effects: Not available.			

Section 12. Ecological information

Section 13. Disposal considerations

Waste disposal	: The generation of waste should be avoided or minimized wherever possible. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.
-----------------------	--

Consult your local or regional authorities.

Section 14. Transport information

Classification

DOT/IMDG/IATA: Not regulated.

Label

Not applicable.

Additional information

Not applicable.

Section 15. Regulatory information

United States

U.S. Federal regulations : TSCA 8(b) inventory: All components listed.
SARA 302/304/311/312 extremely hazardous substances: No products were found.
SARA 302/304 emergency planning and notification: No products were found.
SARA 302/304/311/312 hazardous chemicals: No products were found.
SARA 311/312 MSDS distribution - chemical inventory - hazard identification: No products were found.
Clean Water Act (CWA) 307: No products were found.
Clean Water Act (CWA) 311: No products were found.
Clean air act (CAA) 112 accidental release prevention: No products were found.
Clean air act (CAA) 112 regulated flammable substances: No products were found.
Clean air act (CAA) 112 regulated toxic substances: No products were found.

State regulations : Pennsylvania RTK: Chlorine dioxide: (environmental hazard, generic environmental hazard); Sodium Chlorite: (generic environmental hazard)
Massachusetts RTK: Chlorine dioxide; Sodium Chlorite
New Jersey: Chlorine dioxide; Sodium Chlorite

International regulations International lists

: Australia (NICNAS): Water; Chlorine dioxide; Sodium Chlorite
China: Water; Chlorine dioxide; Sodium Chlorite
Germany water class: Sodium Chlorite
Japan (METI): Water; Chlorine dioxide; Sodium Chlorite
Korea (TCCL): Water; Chlorine dioxide; Sodium Chlorite
Philippines (RA6969): Water; Sodium Chlorite
